Thinking solutions.

Article number: 4206736

Features

Type	STKO 405-600mm max 200/120 DN200
Height adjustable	√
Min. height	405 mm
Height	600 mm
Weight	3.71 kg

Description

Galvanised standing support including sound proofing. Comprising a floor plate with a stand pipe and head plate with a guide pipe. The connecting screws are included. The height of the standing support can be infinitely adjusted, allowing for compensation of uneven floors. Ensures safe and secure positioning of the manifold. Longitudinal holes in the floor plate allow it to be screwed to the ground.
