

# EFHR 4.0, flanged immersion heater for potable water & heating water tank

Article number: 9116314

## Features

|                       |                 |
|-----------------------|-----------------|
| Type                  | EFHR 4.0        |
| Operating temperature | 110             |
| Electric connection   | 400V/50Hz       |
| Output level          | 4.0 / 2.7 / 2.0 |
| Diameter              | 185 mm          |
| Height                | 110 mm          |
| Installation length   | 295 mm          |
| Hole circle           | 150 mm          |
| Weight                | 3.54 kg         |

## Description

### EFHR

Electric immersion heater from for electric booster heating of Storatherm Heat H.../R and HF.../R heating water buffer cylinders and Storatherm Aqua hot water storage tanks-calorifiers with corresponding installation option via the inspection opening.

Temperature controller up to 85°C target value setting, safety temperature limiter at 110°C. Integrated terminal box. 3 power levels, reversible connections. Including flange and seal. Installation and electrical connection performed on site. Water hardness max. 14°dH, approved for continuous operation.

From 25 kW, the use of a control line is mandatory!
