insulation for hydraulic compact hydraulic separators 250/150, 65 mm PUR foam, Aluminium coarse grain jacket

Thinking solutions.

Article number: 9120216

Features

Type	250/150
Insulation strength	65 mm
Insulation material	PUR foam
Insulation material fire protection class according to DIN 4102	B1
Outer jacket fire protection class according to DIN 4102	B1
Outer material	Aluminium coarse grain jacket
Thermal conductivity	0.026 W/m*K
Max. ambient temperature	120 °C
Weight	11.50 kg

Description

Thermal insulation consisting of interlocking half-shells with end pieces. Customised and precisely fitting cut-outs for all connection spigots are provided as standard. The half-shells are fitted using stainless steel clamping straps and quick-release screw fasteners. This allows for easy assembly and also disassembly for inspection purposes.

The thickness of the insulation layer complies with the current GEG (Building Energy Act). The insulation is not diffusion-tight.
