

Fillcontrol Auto Max 2/50, automatic make up unit with two pumps, incl. degassing module and container for system separation

Article number: 8813503

Features

Type	Auto Max 2/50
Max. perm. operating temperature	70 °C
Max. perm. operating pressure	10 bar
Outlet pressure	0.0 - 4.5 bar
Inlet/outlet connection	1/2" / 1"
Overflow connection	1/2"
Electric connection	230V/50Hz
Max. electrical rated power	0.53 kW
Height	990 mm
Width	836 mm
Depth	686 mm
Weight	60.00 kg

Description

Fillcontrol Auto Max 2/50

Make-up system with 2 pumps consisting of degassing module for degassing the water, 18 litre break tank as a system separator for connection to drinking water networks and control unit for controlling and regulating the entire unit.

Pressure-controlled, controlled replenishment of make-up water and filling function for initial filling and refilling. Periodic degassing of the system water via the built-in vacuum spray tube. Built-in system separator enables direct connection to drinking water and fresh water networks. Fully assembled and wired.
