Magnesium sacrificial anode 750, rod anode for cathodic corrosion protection

Article number: 5455500

Thinking solutions.

Features

Type	750
Connection	G 1 1/4"
Diameter	33 mm
Height	600 mm
Width	50 mm
Installation length	530 mm
Depth	50 mm
Weight	1.00 kg

Description

Magnesium Stabanode
Anode for cathodic corrosion protection of Storatherm Aqua drinking water tanks.

Two pieces are required per tank!
