

Exvoid T 1, automatic large ventilator made of brass, 110 °C, 10 bar

Article number: 9255805

Features

Type	T 1
Housing material	brass
Insulation strength	175 mm
Installation variant	vertical
Operating temperature	0 °C - 110 °C
Operating pressure	10 bar
Connection	G1"
Connection variant	thread
Diameter	83 mm
Height	175 mm
Weight	1.40 kg

Description

Exvoid-T air vent upper part with 3-way lower part
automatic quick and large ventilator for heating and cold water systems or sealed, liquid-filled system circuits.

Suitable for the media water and water/glycol mixtures up to a mixing ratio of 50/50%.

Fitting for the permanent discharge of gas bubbles from high points or collection points in the hydraulic/piping system that have been provided for this purpose.

Sealable for simple replacement without operating interruption of the fan part. Bypass can be used to rinse the separator or as a filling and draining connection.
